

# LET'S CREATE A DOMINO RUN!

## DIRECTIONS

1. Clear a flat surface, such as a table or floor space to set up your domino run.
2. Arrange the dominoes in a line standing on their edges. Create patterns, curves, or other designs.
3. Make sure that your domino line begins with a trigger domino. The trigger domino is placed in such a way that it initiates a chain reaction when it falls.
4. Make it a competition among the family with time trials, obstacle courses, or teams.

Explain to your children that they just witnessed a domino effect. One event triggers a similar event which then causes another event and so on.

It only takes one domino to get a whole lot of other dominoes to move and change in the same direction. In the world of Generosity, it is the same. When one person is generous with their influence, it can start a domino effect of Generosity! Everyone wants to get in on the fun of sharing friends and connections!

**Materials:** Dominoes, fun items to build obstacles, bridges, and tunnels.

**Optional:** Grab your camera or smartphone to capture the domino run in action!

## CHALLENGE

**Step the Domino Run up a notch! Create a family Rube Goldberg machine. There are different examples online.**
