

CREATE A GENEROUS ADVENTURE MAP

DIRECTIONS

1. Start by drawing a simple map of your neighborhood or local area, marking off areas where you can make the world brighter through Generosity.
 - **Ideas:** Include parks, neighbor houses, nursing homes, community centers, or animal shelters. These are great places to start!
2. On the side of the map, list out the tasks you will complete at each stop.
3. Next, gather any necessary materials, such as thank you cards, baked goods, small gifts, cleaning supplies, or even just a smile.
4. Document the adventure! As you visit the places on your map, take photos of your generous adventure along the way. Spend time as a family reflecting on how each Generosity act makes you feel and discuss how it might impact others.
