

Friendship & Music | THE CRAZY COMPROMISE

In the story, Candy and Kiki love music by Jump-4-Joy. Did you know music has a magical way of lifting our spirits and making us feel good? Music connects us to others — whether it's the beat that brings us joy or the words that make us smile.

Directions:

1. Have each family member pick a song that makes them feel good or reminds them of a friend or family member.
2. Play the song, and have a dance party.
3. After the song is over, have the person who chose the song explain why it's meaningful.

Additional Activity: Create a fun cover or poster for your song. Decorate it with words or drawings that represent what the song means to you!
