

The Sniff N Snatch Challenge

THE SNEAKY SNATCHER

Materials:

- A table full of household items. (snack, toy, book, remote, etc.)
- Blindfold.

Directions:

- One person is the “sniffer.” The rest are possible “snatchers.”
- The sniffer stands across the table from the snatchers
- Once the sniffer is blindfolded, quietly decide who the snatcher will be.
- That person quickly and quietly “snatches” one of the items from the table.
- All the snatchers put their hands behind their backs, pretending they have all snatched something.
- The sniffer has to guess who took it. If the sniffer guesses wrong, the “snatcher” fesses up honestly, returns the item, and says something kind about someone in the group.
- If the sniffer guesses right, the snatcher says something kind about the sniffer.
- Rotate roles until everyone has had a chance to play both parts.
